Got Computer Problems?

Diagnostic tune up - Virus removal Spyware, Malware, Adware, Trogen, Root Kit removal & *Two Years AVG Virus protection.*

Special - \$149.00

Make **Rex Service Company** your local 'fix-it' shop for all your computer problems including hardware, software, networking and peripherals.

- Migrate your old computers programs and data to your new computer.
- Back up & upgrade your Windows. Tune up older systems for faster performance & crash resistance.
- Restore registry on non bootable and 'blue screen' systems.
- Recover and restore hard drives that will not boot or read.
- Recover RAID0 and RAID5 drives and NAS including Linux based and D-Link DNS series.
- Solve the problems the others cannot. ***Our goal is to fix your system - not sell you a new one!***
